

**FLORIDA SUICIDE PREVENTION COALITION AND
THE FLORIDA SUICIDE PREVENTION TASK FORCE
“DAY AT THE CAPITOL”**

Florida Suicide Prevention Day
Promoting Education and Awareness
March 30, 2005

Come join us in the Capitol Rotunda from 8:30 - 4 to learn about suicide prevention efforts in Florida.

At 1:30 the Governor and First Lady will hold a press conference to roll out the Florida Suicide Prevention Strategy on the lower level of the Capitol, outside the Cabinet meeting room.

The strategy is designed to serve as both a guide and an action agenda for preventing suicide in Florida, to have a lasting impact in bringing suicide to the forefront as a public issue, and over time save thousands of lives that would otherwise be taken by their own hands.

Please plan to attend the press conference and learn more about Florida's commitment to reducing the tremendous toll suicide takes on our families and communities.
